

CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D.C. 20505

9 March 1972

Honorable Les Aspin
House of Representatives
Washington, D. C. 20515

Dear Mr. Aspin:

This is in response to your request during our telephone conversation this morning that I put in writing my explanation of our procedures regarding intelligence briefings of individual members of the Congress. As I commented at that time, under the established policy laid down by the Committee, information of the type in question desired by individual members should be obtained through Committee channels or with the Chairman's approval. We will of course be happy to consider your request on this basis.

Sincerely,

John M. Maury
Legislative Counsel
